

Pair with the interviewer to create a form that mimics the screenshot below.

- Describe what you're doing and the reasons for the choices you're making
- You don't need to replicate the design exactly. You can use approximate font-sizes, colours, etc. Give yourself some time for the other tasks.
- Add client-side validation
- Make the service charge calculation show immediately, as you type the amount.
- You can, but don't have to, use jQuery or SASS (but you'll need to download and install them if you do)

GOV.UK

Send money to a prisoner

Who are you sending money to?

Prisoner details

Prisoner name

Your email address

So we can send you a receipt

How much are you sending?

£

Service charge:

The service charge is 2.4% of the amount you're sending, plus 20p. This fee is charged by your card provider.

Total to pay:
